**Many animals find fireworks scary. There are lots of simple things you can do to help your pet deal with fireworks. By preparing in advance before fireworks start your pet will be better able to cope with the noises.**

### **How to calm dogs during fireworks**

- Walk them during daylight hours to avoid times when fireworks are likely to be set off
- Close windows and curtains to muffle the sound of fireworks
- Put on some music or tv to mask the firework sounds
- Create a quiet space where your dog can feel in control
- Create some hiding places around your home
- Have an open door kennel available with blanket & favorite toys

We'd like to offer a heartfelt thanks  
to the wonderful organizations that help support  
Lewis County Humane Society's animals!

BISSELL PET FOUNDATION®  
Until every pet has a home.

**We are excited to announce that**  
**The Lewis County Humane Society**  
**received two \$500.00 grant awards from**  
**the Petfinder Foundation!**

**Bar Dog Operation Grant:** This grant was offered in partnership with Bar Dog Wine and the Petfinder Foundation. This grant supports No-Kill animal groups and their day-to-day operations. The funds LCHS received will be used to purchase necessary supplies, food, vaccines etc. that are needed to continue caring for all our adoptable pets in our care.

**Emergency Medical Grant:** The Petfinder Foundation emergency medical grant program assists Petfinder members in caring for one pet in need of emergency medical care to become adoptable. LCHS applied to the Petfinder Foundation for a feline named Denali. Denali was only 5 weeks old and had an upper respiratory infection and was suffering from intussusception.

**We are excited to announce that the Lewis County Humane Society received a \$500.00 grant award from the BISSELL Pet Foundation!**

**This grant is from their “Feed the Shelters” program and allows us to purchase food for the animals in our care.**

**With food being a top line budget item, this money will help tremendously and is greatly appreciated by all our Dogs & Cats!**

**SHELTER UPDATES CONTINUED**

**Beginning Wednesday 6/23/21 we are going back to our 2-6pm open hours for Wednesday's, Thursday's and Friday's - instead of the 2-7pm. We have had too many people coming in late and staying after 7pm which is making it difficult for staff to get the work done involving the care of the animals. Thank you for your understanding!!!**

**Wood sheds are all full and buttoned up for another year! Thank you so much to everyone who helped!! In addition to the BOCES classes, we'd like to thank Katie Stevens, Curt Bates, Joe Hall, Cherie Moore, Ron Mizzi, Sue Faduski, Jay & Cheryl Steiner, Pat Paragon, Justin & Kim Seelman, Ava Fleming, and Rachael Peters. Lots of hard working volunteers!!!**

**Amber Zehr, the Shelter Manager & Staff have a heart of gold. Here are some of the things they have been up to:**

**What do you do when you have a full house and get a call about 5 abandoned dogs who need your help? You call in reinforcements and you go pick up 5 dogs...**

**Hoarding Case in Little Falls, NY: We ended up getting a few more cats & kittens than we anticipated but we could not leave them in the situation they were in. We got a mama cat with 1 day old kittens while searching and gathering up 9 other kittens. They are old enough to eat on their own, which is good because we couldn't catch their moms as they aren't friendly. We also took a cat who has some eye issues to see what can be done for her. We are looking for donations to help with general surrender fees for this group, taking them in means the cost isn't covered. Our goal is to control the pet population which by taking in hoarded animals helps accomplish that goal.**
